Important information about your tax file number (TFN)

Giving us your TFN means you pay the correct tax

Under the *Superannuation Industry (Supervision) Act 1993*, your superannuation fund is authorised to collect your TFN, which will only be used for lawful purposes. These purposes may change in the future as a result of legislative change. The Trustee of your Fund may disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request us in writing that your TFN not be disclosed to any other superannuation provider.

It is not an offence not to quote your TFN. However, giving your TFN to your superannuation fund will have the following advantages (which may not otherwise apply):

- we will be able to accept all types of contributions on your behalf;
- the tax on employer contributions to your superannuation will not increase;
- other than the tax that may ordinarily apply, no additional tax will be deducted when you start drawing down your superannuation benefits; and
- it will make it much easier to trace different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

The information you provide in this form is collected by and held for State Super by the fund administrator, Pillar Administration, in accordance with the *Privacy and Personal Information Protection Act 1998*, under which you have rights of access and correction.
