

Proxy Voting Report 1 July to 31 December 2023 - International

STC believes companies that effectively manage ESG risks, impacts and opportunities are likely to be more financially sustainable in the future, positioning them to generate stronger returns in the long term.

As a long-term asset owner, one of the ways we ensure companies we invest in are governed appropriately and act in the best interest of their shareholders, is through active ownership. As an active owner we undertake company engagement, proxy voting and policy advocacy as outlined in our Responsible Investment Policy.

State Super is committed to voting at all company meetings across eligible holdings. Exercising our voting rights in the listed companies we invest in is an integral aspect of active ownership. Voting is an important way the Trustee can express its view on how the company is being managed.

Proxy voting activities for commingled trusts and fund of funds, including those managed by TCorp, are delegated to the relevant fund manager and monitored by STC.

Our voting records below show how we have voted on various issues such as executive remuneration, director elections and governance matters from 1 June 2023 to 31 December 2023.
